Harlan J. Berk, Ltd. has presented an innovation in antiquities and numismatics for some time now. The system is simple. When you want an antiquity or coin in the sale, just bid the estimated price by phone or mail. We will send you the antiquity or coin immediately. No waiting for the closing of the sale. Any and all antiquities or coins not sold before the closing date will be sent to the highest bidder on November 13, 1991.

EXAMPLE—You bid estimate on an item valued at \$100.00 and if your bid is the 1st to reach us, you will receive the item immediately. If on the other hand, you bid \$75.00 on the same item and are still the high bidder at the end of the sale, the item will be mailed to you on the closing date, November 13, 1991.

If you are ever in the area, stop in and see us! Of course, it's best to call first.

A letter from Senator Harding to one of his constituents, a Mr. George W. Upton of Warren, Ohio. In the letter, Senator Harding says "I quite agree with you that this war ought to be fully won and end with Germany so reduced in power that she cannot again make warfare in two or three generations to come. I think we shall be constraining a point to go farther than that but it will be satisfactory to me if Germany is rendered helpless in a military and naval sense and made to become an unarmed factor in our current civilization." He goes on to say "I should cordially subscribe to the complete annihilation of Germany if I did not think that meant other involvements too extent to attempt to comment on them at this time." He concludes the letter with the comment "You know this war for civilization isn't going to stamp out jealousy among nation nor is any sort of 'league for peace' going to eliminate well established human elements among mankind. Harding was considered to be an empty headed president, and this letter certainly belies that fact. **\$3000.00**

926. VERY UNUSUAL RUSSIAN/ MEDALLION ICON; Carved in horn. The question mark after "Russian" refers only to origin of the piece. In recent Russian archaeological literature there had been a discussion on the version that those were made in Holy Land for Russian Pilgrims. The somewhat Western design of the Last Supper on reverse may be some proof. Obverse depicts the "Prayer for Thirst Quench". 2 1/8" diameter 400
927. XVIII CENTURY BRONZE CRUCIFIX; With Cherubs. It is similar to lot #846 in sale 66 but has enameld and foliate decoration instead of plain field lateral panel. Also has depictions of " St. Peter and St. Michael" on the left, "Archangel Gabriel and St. Paul" on the right. Icons forming the crown are same as the subjects of tryptych described above and Holy Trinity. The reverse inscription is much more extensive as well. 12" x 5 1/2" 2000
928. LARGE EARLY XVIII CENTURY BRONZE TWO-COLOR ENAMEL CRUCIFIX. 14 1/2" x 7 1/4" 2000
929. VERY TYPICAL RUSSIAN XVIII CENTURY BRONZE CRUCIFIX; Often used as an insert in certain type of wooden icons. This one, however, is in unusually nice condition. Probably prepared for enameling but left as is because it appeals even more than enameled one. It offers such a detailed presentation of the subject that others could be measured by it. 9" x 6" 1500
930. Same as above but enameled and somewhat worn and without such detail 1200
931. As two above but smaller. Even though slightly worn, has 5 colors of enamel. 6 1/2" x 4" 1500
